

Friday 15th January 2021 Additional Resources

We have been asked by parents for resources for children who may have finished their work and want to do more. Below are a number of educational websites with home learning resources that are supported by school which you may choose to make use of. If you would like some help navigating these, teachers are able to signpost you to particular parts of these sites for your child if you message them via Dojo or Tapestry.

Twinkl

You may have a Twinkl account from Lockdown 1 – if not, it is free to access whilst schools are not fully open.

Twinkl Go!

FREE throughout school closures, Twinkl Go! is a collection of thousands of interactive educational resources which can be accessed and completed on any device, with no apps to install.

<https://www.twinkl.co.uk/go>

BBC Bitesize Daily

BBC TV is to help by broadcasting lessons on BBC Two and CBBC, as well as online. The BBC will show curriculum-based programmes on TV from Monday (11th January) at 9:00am. They will include three hours of primary school programming every weekday on CBBC.

During the first lockdown last spring, lessons were available on iPlayer, red button and online, but not on regular TV channels. The move comes to support those children who do not always have access to devices.

The BBC Bitesize website is also still available with lessons full of videos, quizzes and practice activities at <https://www.bbc.co.uk/bitesize>

Esspresso and Bug Club info was sent last Friday.

Further Suggestions

Our English and Mathematics Curriculum Leaders and Early Years Foundation Stage Team and have put together the following list of online resources which are either more age appropriate or subject specific:

ENGLISH

<https://new.phonicsplay.co.uk/>

Phonics play has games that help children hear, say and see sounds.

<https://www.ictgames.com/>

Web-based games created by a class teacher.

<https://spellingframe.co.uk/>

Free games to play linked to the spelling rules for Y1 to Y6 such as word searches, puzzles and segment silhouettes.

<http://www.pobble365.com/>
